NEW FOR 2023

BUILDING SAFETY ACT 2022 FLOWCHARTS

Earlier this year, we offered for sale various flowcharts detailing some of the key processes which are contained within the Building Safety Act 2022 and subordinate legislation, and which were causing significant problems for practitioners.

These flowcharts, which were produced with the assistance of Andrew Butler KC and Annie Higgs of Tanfield Chambers, have now been refined and in addition, we are delighted to announce that a number of new flowcharts are also now available to purchase.
